

ADVANCED TRAINING COURSE	DATES	ECTS	APPLICATION DEADLINE	VACANCIES	FEE* (for non FMUL PhD Students)
<i>Core courses</i>					
Scientific integrity, <i>in partnership with PFMA</i>	Feb 17 - 18	1	February 10	5**	--
Biostatistics	Feb 23 – Apr 13 (Wednesdays 16-20h)	2	February 11	20	200€
Methodologies in clinical research, <i>in partnership with Neurosciences Program</i>	May 3-19	1.5	April 22	TBA	TBA
<i>Thematic scientific courses</i>					
Nanomedicine	Feb 28 – Mar 2	1.5	February 16	15	200€
Mental health research	Mar 3-5	1.5	February 22	10**	--
Parasitology	TBA				
Drug development	TBA				
Pathogens and hosts	TBA				
Structural and functional imaging	TBA				
Evidence based medicine	TBA				
Applied epidemiology	TBA				
Gene expression	TBA				
Topics in human genetics	TBA				
Development & aging	TBA				
Challenges in immunology	TBA				
Biology of cancer	2011/2012				
<i>Technical scientific courses</i>					
Get the best from your sequences	TBA				
Bioimaging (José Rino)	TBA				
Histopathology and (immuno)histochemistry in biomedical translational research	TBA				
Animal practical course	TBA				
Flow cytometry	2011/2012				
Advanced Course on protein expression and purification: tips and tricks	2011/2012				
<i>Complementary skills courses</i>					
Preparing for research: the grant environment, <i>in partnership with PFMA</i>	Feb 24-25	1	February 17	5**	--
Improving technology transfer from basic research in translational medicine	Mar 24-25	1	March 10	40	TBA
Presenting your research: from bench to peers	May 25-27	1.5	May 10	15	TBA

* Courses are free for FMUL PhD students

** Only open for FMUL PhD students
