Data and pharma challenges in biomedical engineering

-
- 09:30** **Opening session** – Arlindo Oliveria, Presidente IST
Ana Sebastião, Direção da FMUL
-
- 09:45** **Biomedical Engineering: what is it about?**
Multimedia presentation
Núcleo de Engenharia Biomédica do IST
-
- 10:00** **Keynote lecture**
Recognizing Clinically Valuable Signals in Electronic Health Data
Chair: Patrícia Figueiredo
Stan Finkelstein
MIT Institute for Data, Systems and Society and Harvard Medical School
-
- 11:00** Coffee break
-
- 11:20** **Technical workshop:**
Drug repurposing and novel medical devices:
regulatory and research challenges
Chairs: Manuel Comenda e Maria Catarina Botelho
-
- 11:20** **Medical Devices: Regulation and Innovation**
H Luz Rodrigues
National Coordinator for National Strategy in Medicines and Health Products (Ministry of Health)
H Mota Filipe
Associate Professor, Faculty of Pharmacy, University of Lisbon
-
- 12:00** **Zebrafish as a model for drug repurposing**
Sofia Corte Real
R & D Director, Technophage
-
- 12:20** **General Discussion – Health Care Innovation and Biomedical Engineering**
-
- 12:40** **Closing session**
João Pedro Conde, Coordenação MIEB
